

1 Identification of the preparation and the supplying Company

- 1.1 AF Glue Pad Ephestia & Plodia
- 1.2 Monitoring glue trap for food moths and crawling insects.
- 1.3 Starkeys, 4 Tesla Link, Wangara 6065, Perth, Western Australia.
Tel: (08) 9302 2088 Email: info@starkeys.com.au
- 1.4 Emergency telephones: Starkeys, (08) 9302 2088 (Office hours).

2 Hazards identification

2.1. Classification of the substance or mixture

This product is not classified as hazardous per Regulation (EC) No 1272/2008 and of the modifications and amendments there to.

2.2. Label elements

Pictogram: None

H statements: None

Precautionary statements (P):

P101 If medical advice is needed, have product container or label at hand.

P102 Keep out of reach of children.

2.3. Other hazard:

No additional information

3 Composition and information on ingredients

3.2. Mixtures

Hazardous Components in Product

This product is not classified as hazardous per Regulation (EC) No 1272/2008 and of the modifications and amendments thereto.

4 First Aid measures

4.1. Description of first aid measures

General information: If used as intended, no health damage to be expected.

Ingestion (swallowing): No information available.

Inhalation: No information available.

Skin contact: In case of long-term skin exposure obtain medical attention.

Eye contact: Remove contact lenses. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. In case of eye irritation consult specialist.

Advice to doctor: No information available.

4.2. Most important symptoms and effects, both acute and delayed: none

4.3. Indication of any immediate medical attention and special treatment needed ...See 4.2

5 Firefighting measures

- 5.1. Extinguishing media:** No special measures necessary. All known extinguishing media can be used.
- 5.2. Special hazards arising from the substance or mixture:** None.
- 5.3. Advice for fire-fighters:** Fire residues and contaminated firefighting water must be disposed of in accordance with local regulations.

6 Accidental release measures

- 6.1. Personal precautions, protective equipment and emergency procedures:** None.
- 6.2. Environmental precautions:** None.
- 6.3. Methods and material for containment and cleaning up:** Take up mechanically and collect in suitable container for disposal.
- 6.4. Reference to other sections:** See section 8 for more information

7 Handling and storage

- 7.1. Precautions for safe handling:** None.
- 7.2. Conditions for safe storage, including any incompatibilities:** Store in cool and dry place. Avoid temperatures exceeding 30° C.
- 7.3. Specific end use(s):** Monitoring of contamination with moths, cockroaches , silverfish and other crawling insects.

8 Exposure controls and personal protection

8.1. Control parameters

No available data

8.2. Exposure controls

Where exposure may occur, engineering controls should be employed. A risk assessment should be carried out and the following PPE may be appropriate /required

Ingredients with occupational exposure limits to be monitored: None.

Respiratory protection: No personal respiratory protective equipment normally required.

Hand protection: No personal hand protection normally required.

Eye protection: No personal eye protection normally required.

General protective measures: None.

Environment protection measures: See section 6. No specific additional measures required.

9 Physical and chemical properties

9.1. General information

Appearance: Solid, Glue layer transparent, Carrier brown/white

Odour: Neutral.

Odour Threshold: not applicable

pH: Not determined

Melting point/freezing point: no available data

Initial boiling point and boiling range: no available data
Flash point: no available data
Evaporation rate: not applicable
Relative Density: Not determined
Flammability: no available data
Upper/lower flammability or explosive limit: not applicable
Vapour pressure: not applicable
Vapour density: not applicable
Relative density: no available data
Solubility(ies): Not soluble
Partition coefficient: no available data
Auto-ignition temperature: no available data
Decomposition temperature: no available data
Viscosity: no available data
Explosive properties: no available data
Oxidising properties. no available data.

9.2. Other information:

No available data

10 Stability and reactivity

10.1. Reactivity: not reactive

10.2. Chemical stability: Stable at normal conditions.

10.3. Possibility of hazardous reactions: None.

10.4. Conditions to avoid: Do not expose to temperatures above 100° C.

10.5. Incompatible materials: None.

10.6. Hazardous decomposition products: None.

11 Toxicological information**11.1 Information on toxicological effects**

(a) acute toxicity; No data available.

(b) irritation; No data available.

(c) corrosivity; No data available.

(d) sensitisation; No data available.

(e) repeated dose toxicity; No data available.

(f) carcinogenicity; No data available.

(g) mutagenicity; No data available.

(h) toxicity for reproduction; No data available.

11.2 Other data: see section 2.3

12 Ecological information

12.1. Toxicity: No data available.

12.2. Persistence and degradability: No data available.

12.3. Bio accumulative potential: No data available.

12.4. Mobility in soil: No data available.

12.5. Results of PBT and vPvB assessment: No data available.

12.6. Other adverse effects: No data available.

13 Disposal considerations

13.1. Waste treatment methods

Dispose of packaging, remains of unused product in accordance with local and national regulations.

14 Transport information

14.1. UN number: N/A

14.2. UN proper shipping name: N/A

14.3. Transport hazard class(es): N/A

14.4. Packing group: N/A

14.5. Environmental hazards: N/A

14.6. Special precautions for user: N/A

14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code: N/A

15 Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture:

Safety evaluation: Safety evaluations of the materials contained in the preparation have been conducted. The preparation does not contain substances classified as hazardous to health in concentrations which should be taken into consideration according to GHS.

Labelling: The product does not require to be specifically labelled with respect to GHS and does not require a hazard warning label in accordance with GHS.

15.2. Chemical safety assessment:

Advice on product handling can be found in sections 7 and 8.

16 Other information

This data sheet does not constitute a COSHH assessment.

The information contained within this data sheet is strictly for general guidance only and should not be relied upon over and above this. This data sheet is intended to provide general health and safety guidance on the handling, storage and transportation of the preparation. The information provided in this data sheet is accurate at the date of publication and will be updated as and when appropriate. No liability will be accepted by Killgerm Chemicals Limited for any loss, injury or damage arising from any failure to comply with the information and advice contained within this data sheet and/or failure to comply with the manufacturer's guidelines, product label data and any associated technical usage literature.

Date of amendment	Sections amended	notes
12-03-2017	All	Issue 3 of this SDS was written
12-10-2017	Section 9	Updated the physical and chemical properties.
